ANNUAL CATALOG 2014

The Magic of Radio

There is nothing else in the world that gives as much pleasure to so many as listening to radio. You never know what you are going to hear and I still find it magical how sound comes out of a speaker.

There are many types of radios and many kinds of radio programming. I have heard comments about AM radio becoming extinct. For example KFI in Los Angeles, on the "Senior Band", offers tremendous non-age related entertainment. They have a gigantic young listening audience.

No matter what type of radio you enjoy, having one you like is very important. We try to make our radios simple, intuitive and respectful of the people who use them. We believe we have helped raise the bar on reception, audio quality and ease of use. Enjoy!

***"Enhanced"* CCRadio 2E**

AM • FM • WEATHER with 2-METER HAM BAND

The Premium Radio Designed for Long-Range Reception and Emergencies!

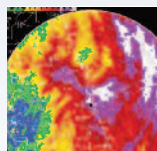

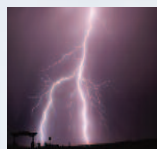

With the new CCRadio 2E "Enhanced" version, audio can still be accurately tuned for realistic human voices. It can now also be adjusted for good musical performance with enhanced bass! Traditional FM reception is also a full step up in its ability to bring in a weak station clearly.

***CCRadio 2E Enhanced
in Titanium***

The CCRadio 2E Enhanced also has the Weather band/Alert along with the 2-Meter Ham Band. Five memory buttons on top of the radio makes it easier to change stations rather than front mounted buttons.

Reception and audio are the main reasons to own a better made portable radio. For over 10 years our CCRadio models have had some of the best AM reception available along with audio tuned for the human voice. The boost in AM performance comes from our patented Twin-Coil Ferrite® AM Antenna. This technology can give a noticeable boost to weak AM signals.

After you select a station, the CCRadio 2E evaluates the signal for several seconds and then locks in for the best possible signal.

The Weather Band has a very loud alarm which can keep you informed of any NOAA alerts.

The 2-Meter Ham band may make the CCRadio 2E a life saver during an emergency. Ham radio operators are early on the scene of an emergency and they donate their time while handling up to 90% of emergency coordination efforts. The CCRadio 2E makes it easy to hear the vital information they share by acting like a simple radio scanner, searching five programmable memories for Ham operator communications. The sensitivity (squell) can be adjusted for best results. More information about the 2-Meter Ham Band can be found at: CCRadio.com/2-meter

Features include:

- Five memories per band (AM, FM, Weather and 2-Meter Bands)
- Adjustable display light (3 levels of brightness and an 'Off' setting)
- Adjustable bass and treble
- Clock with alarm
- Sleep timer
- Auto scan
- Stereo headphone, AUX line-in and line-out jacks.
- **Runs on included AC cord** or four (optional) "D" batteries.

Size: 11" W x 6.5" H x 4" D. Weight: 3.8 lbs.

Item #CC2BE ... Black Mica ... \$159.95

Item #CC2TE ... Titanium \$159.95

Please see our accessories for the CCRadio 2E on Page 27.

Great Performance, Easy to Use!

CC Pocket Radio

C. Crane has extensive experience with the best AM/FM Weather pocket radios, so it has been a welcome opportunity to have the privilege to design a new one. The CC Pocket is easy to use and has excellent performance.

Standard features:

- Five easy to use memory buttons for each band
- Stands upright for nearby use and best audio
- Rubber coated sides provide grip and protect the radio if dropped
- Clear, precise and pleasant audio
- Maximum reception and excellent selectivity to help with overriding strong stations. FM antenna wire included.
- About 75 hours of play on (2) AA batteries (not included) with earbuds, about 25 hours using built-in speaker
- Premium earbuds included for providing rich lows and crisp highs
- Display light, sleep timer, clock and alarm, removable belt clip, and optional auto shut-off
- Battery meter, Signal strength meter, FM stereo or mono reception
- Also works with rechargeable batteries

Selectable Advanced features:

The CC Pocket radio also includes some optional advanced features. This includes NOAA weather radio alert (disables AM/FM radio while activated), five memory pages for AM/FM for 50 memories total, selectable frequency or clock display while listening, beep on or off option, 1, 9 or 10KHz selectable steps, narrow AM filter, LCD display for noise reduction and a factory reset control.

Size 2.5" W x 4.25" H x 1" D.
Weight: 4 oz.

Item #CCPKT \$59.95

SENTA ALLY **PORTABLE** SPEAKER

Turn your smart phone or any player over to **SENTA Audio Central!**
The Senta Ally has excellent audio, and is light, powerful and rechargeable.

Stop with the tinny sound and the ear-bud noose, and use the SENTA ALLY in any of the following ways:

Features:

- Bluetooth® Range: 25-30 ft. (line of sight)
- Frequency Response: 100-20,000 Hz
- 5 hour charge time
- 10 hour play time, 8 hour play time on Bluetooth®
- Audio Inputs: Bluetooth®, Aux-in, SD Card and USB Drive
- FM Radio with 99 auto-programmed presets
- Audio formats: .wav and .mp3

	- USB
	- FM
	- BLUETOOTH
	- SD CARD
	- AUX-IN

Great for camping, poolside, patio etc.

Size 9" W x 2.2" H x 2.1" D.
Weight: 9.8 oz.

Item #ALLY \$69.95

Bluetooth® logo is a registered trademark of Bluetooth® SIG, Inc.

CC SW Pocket — AM/FM/SW

In a true testament to its quality and performance, the modestly priced CC SW Pocket has been **compared to a travel radio that costs over \$200.00**. The CC SW Pocket AM/FM/Shortwave Travel Radio has great AM reception and audio quality and is sensitive enough to outperform most radios in its class. And it's small enough to tuck in your carry-on bag, briefcase, backpack or purse. You can quickly and easily retrieve up to 200 of your favorite AM/FM and Shortwave stations, in any order, by simply turning the Tuning Knob — and taking advantage of a smart feature called “Favorites”.

Avoid high roaming charges and listen to local radio when traveling!

You won't lose the stations saved in the memory when you take out the batteries. FM 70.0-108.0, AM 522-1620, (9k) / 520-1710 (10k), SW1 2300-7500, SW2 9200-22000.

- Keypad for direct access to any frequency
- Built-in speaker, Stereo Headphone Jack
- Alarm Clock and Sleep Timer
- Display Light
- Back Stand
- Includes Carry Pouch and Lanyard
- Runs 70 Hours on 2 “AA” size batteries (not included)
- AC Adapter available (optional)

Size: 5" W x 3" H x 1.2" D. Weight: 6.5 ozs.

Item #SWP \$49.95

Item #SWPP ... AC Adapter \$11.95

Item #CCSWA ...SW Antenna .. \$19.95 (See page 29)

CCRadio-SW — AM/FM/SW

The CCRadio-SW is perhaps the **best radio of this size and price** because of its outstanding sensitivity, selectivity and audio performance. It comes with all the adjustments for excellent performance under various conditions. Shortwave is excellent right off the whip antenna, covering 1711 kHz to 29999 kHz. The five-inch speaker is accurate and reproduces deeper bass than most portables of similar size. The complexity of this radio makes learning it more challenging, but it is rewarding.

The CCRadio-SW has a lighted, easy-to-read LCD display. A clear, straight forward manual is provided to get you started. Other features:

- RF Gain Control
- Bandwidth Control
- Bass and Treble Controls
- Fast and Slow Tuning Options
- 50 Programmable Memories
- RCA Stereo Line Output
- Clock Radio Dual Alarms and Snooze
- Headphone Jack
- AM-RF Output for Input to Computer
- “Flip-up” Carry Handle
- Lighted Buttons

Runs on four “D” batteries or four “AA” batteries (not included).

Built-in charging circuit will recharge NiMH batteries inside the radio, saving you both time and money. AC Adapter and antenna connectors included.

Size: 11.25" W x 7.25" H (9" H with handle up) x 3.5" D. Weight: 4.2 lbs.

Item #CSW \$139.95

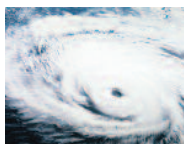

Item #CSWC ...Carry case..... \$29.95

Item #CCSWA ...SW Antenna.. \$19.95

(See page 29)

Bob Crane at work in the early days, in his shop.

CC Solar Observer *Peace in a time of Crisis.*

The CC Solar Observer is a wind-up emergency radio with AM/FM and Weather Band. It has better audio and reception which set it apart from other wind-up radios and make it good for daily use. In an emergency power outage it is critical to have a radio that has good reception and one that you can depend on.

Power options are: Solar, Wind-up, AC power or 3 common “AA” batteries (not included). With the solar option, the radio plays for about the same number of hours that it is exposed to full sunlight. Charges iPhone™ and other phones with included USB port adapter.

Listen to the Observer through its built-in 2-inch speaker or headphone jack for private stereo listening. The radio is tuned by a simple needle and dial, and the lighted display is easy to read. Includes built-in LED flashlight.

Size: 7.25" W x 5.5" H x 2" D.

Weight: 1 lb.

Item #COBS \$49.95

Item #OBA ... AC Adapter (optional) ... \$14.95

CCRadio-EP

AM/FM Pure Performance

Finally, a radio that is “just a radio”!

With no clock to set or station presets to program, and performance that’s equal to the CCRadio, the EP could be considered a super radio.

Just push the power button, tune into your favorite stations and enjoy great AM and FM!

For very weak AM stations, you can fine-tune our built-in “Twin-Coil Ferrite Antenna.” However, you do not have to adjust the “TCF” Knob to receive outstanding AM performance.

The radio has a wide bass and treble adjustment range for defined music and voice reproduction. A large 5-inch speaker is combined with a high-fidelity amplifier and a Music or Voice enhancement dial to give extra clarity to AM programs.

For those who live or work in a metal or concrete building, and enjoy listening to a radio, we’ve provided external antenna jacks.

Other features include:

- Bright Dial Light with On/Off Button
- Flip up Carry Handle
- AM, FM Mono or FM Stereo Band Switch
- Stereo Headphone Jack
- 6V AC Adapter included, or runs on 4 “D” Batteries (opt.)
- Aux Line In
- Long battery life; up to 300 hours of runtime

Size: 11.4" W x 6.9" H x 2.75" D. (8.4" H with handle up.)

Weight: 4.5 lbs.

Item #CEP \$79.95

Right side view

"The CC Witness Plus is awesome! I can take my recorded music with me when I ride, and I never have to worry about radio reception, no matter where I happen to wind up!" - Sue G. of C. Crane.

CC Witness Plus

DIGITAL MP3 *RECORDER*-Player with Built-In AM/FM Radio

The CC Witness Plus is compact, records for hours, and it is great as a travel radio for podcasts. If you like to exercise to music, the CC Witness Plus can record from your favorite music on the Internet. A special feature can detect song breaks and create individual recording tracks so you can skip to the next song or delete songs you don't like.

- AM and FM Radio with 10 Station Presets Per Band
- Record in MP3 (32, 64, 96, 128, or 192kbps) - CD quality (WAV)
- 2 GB Onboard Memory (up to 140 hours of Recording Time)
- SD Card Slot for Upgradeable Memory
- 6 Audio Playback Speeds
- 20 Independent Recording Timers
- Powerful Editing Features (Copy, Chop, Erase, and Rename your files)
- One-Touch Recording (Hold Record Button to Select Recording Time)
- Built-in Stereo Microphones and Line-In Jack for Recording
- Small Built-In Speakers and Headphone Jack (Earbuds Included)
- Mini USB Connects to a PC or MAC®

Size: 2.2" W x 4" H x 0.6" D. Weight: 3.6 oz.

***Record Internet Radio
with your CC WiFi
Radio (page 16)***

CC Witness Plus Accessory Kit

This Accessory Kit includes a charging cradle to keep your CC Witness Plus fully charged without needing to use a computer.

It also includes an AC adapter, clear carry case with belt clip and an armband carry case.

The cases come in handy for hands-free listening.

(Note: This kit is not compatible with the previous CC Witness.)

Item #PLACC \$39.95

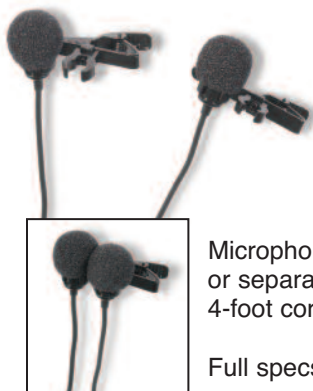

CC Witness Plus **and** Accessory Kit

Save \$10.00 when you buy the CC Witness Plus and Accessory Kit together.

You will have all the items you need for computer use, recording, and hands-free listening.

Item #PLKIT \$179.90

Voz Stereo Microphone

Connect the Voz Stereo Microphone to your CC Witness Plus and make more professional quality recordings wherever you are. When recording music or a concert on the CC Witness Plus the Voz Stereo Microphones provide full range audio. The clarity can match microphones that cost much more. With the Voz Stereo

Microphone, you can keep the mics together on one clip or separate the mic heads for better stereo sound. 4-foot cord.

Full specs online at: ccrane.com/voz-microphone

Item #VSM \$19.95

ATS-909X AM/FM/SW/SSB Receiver

The 909 has a long history and the new 909X model is a winner at a fair price. There are a lot of shortwave radios available but relatively few

have Single Side Band capability. Ham operators and the government still transmit emergency and other communications on SSB because the radio waves travel farther on less power. Covers AM/FM RDS/LW and Shortwave.

More info at:

ccrane.com/909X

Size: 7.9" W x 5.3" H x 1.5" D. Weight: 1.5 lbs.

Item #909B \$249.95

XT511 Base Camp Radio

Local communication can be vital. The 22 channel FRS/GMRS Base Camp Radio is a truly exceptional 2-way radio. Transmits about 1/2 mile in the city, 20 miles line of sight. It also has AM, FM and NOAA Weather channels. AC/DC charging adapter included. Runs on four "AA" batteries (optional) or hand crank for emergency power. Three-year warranty.

Size: 7.25" W x 6.5" H x 2.75" D.

Weight: 3.2 lbs.

Item #XT5 \$89.95

LXT-118 Hand-Held Radios

The LXT-118 handhelds are great on their own or in addition to the Midland Base Camp radio. It is compatible on all 22 GMRS and FRS radio frequencies. Stay in touch during a disaster and other emergencies. Requires three "AAA" batteries. Maximum range 18 miles line of sight.

Size: 2.1" W x 5.5" H x 1.5" D.

Weight: 3.2 ozs.

Item #118 ... Set of 2 ... \$24.95

RCR-10 Clock Radio

The RCR-10 is an affordable clock radio with good AM/FM reception and sound. The large LCD display clearly shows the time and radio station. A dimmer controls the brightness of display and lighted buttons. Two alarms can be set to radio or buzzer. Other features include iPod dock,

remote control, headphone jack, sleep timer, line-in and battery backup. Uses (2) AA batteries (not included).

Size: 10.5" W x 3.7" H x 7.1" D. Weight: 3 lbs.

Item #RC10 \$99.95

WR-2 Wooden Radio

A wooden cabinet and unique blend of audio frequencies make the WR-2 an excellent digital AM/FM radio. An RDS (Radio Data System) decoder displays station and program information on FM.

Features: Line-in for any MP3 player, clock with alarm, adjustable bass and treble, backlight, headphone jack, five memory presets and remote control.

Size: 9.6" W x 4.6" H x 7.1" D. Weight: 5.9 lbs.

Item WRC \$149.95

Sangean PR-D8

The PR-D8 is a portable AM/FM radio with a built-in MP3 player and recorder. The right half of the radio is dedicated for AM and FM radio, while the left half is used to manage recording and playback. It includes a timer, and you can

also use it to record from old turntables, cassette decks or any other source through its line-input jack.

With a 2-gigabyte SD card (not included) you can record for over 60 hours at standard quality 64kbps (kilobits per second). The PR-D8 has two microphones on the front of the radio for recording. It also has a built-in charging circuit for 4 rechargeable NiMH or NiCad batteries (not included). Uses (4) "C" size batteries or included AC adapter.

Size: 9.1" W x 5.2" H x 2.1" D. Weight: 1.7 lbs

Item #PRD8 \$169.95

Item #2GB \$10.95

SCANNING

If you think Information is power or if you are just normally nosy, hobby radio scanning may be for you. You can hear the drama of heroes performing their duties. If you are as sheltered as this writer you will learn more about human behavior than ever before. Most traffic you hear is not as dramatic but still entertaining. Generally rural stations use non-digital analog signals so either the **BC75XLT** or the **BC345CRS** is a good choice. The **HomePatrol** is best for a person who wants to keep it simple and it is also the best for major city use. If you are unsure of which scanner will work best for you please give us a call.

BC75XLT Handheld Scanner

Features:

- Includes Scanner, flexible antenna w/ BNC connector, belt clip, USB cable, strap and owner's manual
- 300 Channels
- Display backlight and memory backup
- 3 Power options: USB, 2 optional AA Ni-MH rechargeable batteries or AA alkaline batteries.

Size: 2.1" W x 5.5" H x 1.5" D. Weight: 9.6 ozs.

Item #BC75 \$119.95

CC Super Gainer Scanner Radio Antenna

*Super charge any handheld scanner
radio*

The 15.75" CC Super Gainer is more responsive on all bands than any other portable antenna we have tested! It is also an excellent transmitting antenna for a portable 2-Meter Ham radio (50 Ohm/10 Watts). The BNC antenna connector is compatible with most handheld scanners.

Item #CG2 \$19.95

CC WiFi Radio

Quantum Leap Future of Radio

Most people get a WiFi radio so they can listen to their favorite stations with perfect clarity. And with the CC WiFi, the stations are always clear, no matter how far away. To make sure your station is streaming please give us a call or go to: woodenradio.com/FindStation. Whatever your interests, you can find 10 times or maybe 100 times more news and music with the CC WiFi than any other type of radio in the world. You can do this from any location where high speed internet is available. The CC WiFi Radio has good audio for its size and can be connected to your stereo system directly, or even wirelessly, by using our FM Transmitter-2 (page 26). Remote and AC Adapter included.

More detailed information can be viewed at: ccrane.com/WiFi. WiFi internet radio is a computer-related product, and the nice thing about purchasing one from C. Crane is you have someone to call if you have a question. 16,000+ Stations, Pandora.

Size: 6.5" W x 3.9" H x 3.9" D.

Super USB WiFi
Antenna 3

*Boosts WiFi Reception!
Home/ Mobile/ RV*

graveline.com/topten.html

The Super USB WiFi Antenna 3 plugs into your computer for powerful WiFi Internet reception. Installation is a snap and performance is outstanding. While testing it in our small town of Fortuna, California, we were able to see an additional 20 wireless networks. On average, users can get 300 to 400 feet even through several walls.

The Super USB 3 incorporates a water resistant design for outdoor use (IP65 Rated), along with wireless “N” technology for lightning fast file transfers with your “N” router.

A special 15 foot USB split cable gives you two plugs for an additional power boost. Using just one of the plugs works well for powerful reception in most cases.

Mounting is easy. Suction cups are included for window mounting and a lanyard is supplied for wall or tree branch mounting.

If you are trying to receive a faraway signal from outdoors, the best place for mounting is above the peak of your roof. **Note:** The Super USB WiFi Antenna 3 requires installation of software drivers. Gaming stations such as the Xbox® and the Sony PlayStation®, the iPad®, iPhone® and Android® devices are not capable of installing these software drivers.

Optional 30-foot or 60-foot USB cables are available to reach the peak of your roof.

Windows XP-8, MAC 10.4-10.8 compatible.
Size: 1.5" W x 9.9" L x 0.6" D.

Long Range WiFi Bridge Kit

Comes Configured and Wired *Easy Setup - High Value*

Mounting pole not included.

Securely beam your network and Internet connection to a second location up to 3 miles away. This setup is the best way to connect two locations to the same router. The WiFi Bridge Kit works just like an extremely long ethernet cable, but over the air.

The kit is simple to set up. It comes configured and wired by C. Crane so there are no settings to adjust or software to install. Just attach a WiFi antenna (sold separately) to each half of the bridge at each location, and plug it in.

Good line of sight without obstructions must be achieved between both antennas for best reception.

Kit includes; (2) bridges, (2) 50-ft. ethernet cables, (2) AC power adapters with (2) 5-ft. ethernet cables for power injection to bridge. 504 bit encryption.

Internet connection and two antennas required, sold separately.

Item #WBK \$249.95

IN DEVELOPMENT

We are always excited to release information about new products to our customers. **Our desire is to have these exciting new items available approximately January 2014.** For more information please see our website and sign up to be notified, or call us at that time for availability.

Versa WiFi USB Adapter 3

Significantly boost your computers WiFi signal reception with the Versa WiFi USB Adapter 3 and included 5 dBi antenna. It's small so its great for travel or use in low signal reception areas. Combine it with our 15 dBi Point to Point WiFi Antenna (sold

separately) to get a boost in signal strength of up to 3 miles (additional connectors required). For more information see our website or please give us a call.

- 5 dBi antenna (included).
- Works with Wireless B, G, and N technologies.
- Up to 150 Mbps with Wireless N.
- Windows XP - 8 and Mac OS 10.4 - 10.8.

CC SKYWAVE

The Skywave is the ultimate travel radio with great AM/ FM, Shortwave, Aviation and Weather. Performance is excellent and it is small and easy to use.

Stuck at the airport and nobody will tell you why? How about using a radio to tune into the control tower or the ground crew? If you are a bit paranoid it is good to know that nobody can track your radio listening!

Using a smart phone in another country is very expensive. With this radio you will learn more about the country you are in and the wonderful programs they have to offer.

Size: 3" W x 4.75" H x 1.1" D

SUPER USB WiFi Antenna 4

Receive long distant WiFi signals like the Super USB 3 (See page 17). The Super USB 4 also creates a local hotspot for your home, business or hotel room.

- Works with smartphones, tablets, computers or other wifi devices
- Connects directly to a wall outlet or any USB power source
- Includes desk stand, suction cups for window mounting, 15ft cable, and AC adapter
- Easy setup and operation
- Weatherproof design
- Works with 2.4 Ghz WiFi devices
- Wireless B, G, N compatible

Size: 1.75" W x 12" L x 0.6" D.

CC WIFI 2 - Internet Radio

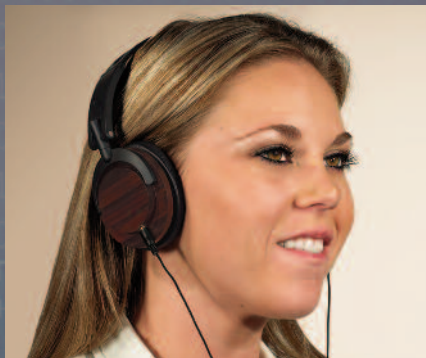

A new beautiful way to fill a room with audio you desire.

- Browse Stations by Location, Genre, Host, Show, or enter directly
- Receive Thousands of Stations Clearly
- Bluetooth technology – Wirelessly Plays Audio from your Smart Phone
- USB Charging Jack – For Cell Phone or Tablet
- Clock with 2 Alarms – Nap and Sleep Timer
- Full Size Remote Control
- Plays Podcasts of Previous Shows
- No Subscription Required

WiFi Internet network required – See our website for more information and **other available features.**

Size: 8.5" W x 4.5" L x 4.5" D Weight: 2.8 lbs

Senta 40 Wooden Headphones

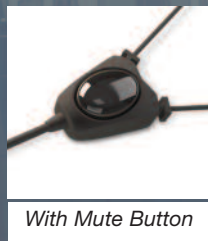

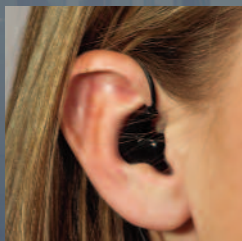

Best performance for the Price

They sound like they look: Smooth, clean, clear and natural. Offering a full range response and incredible stereo imaging, the Senta 40s deliver your music faithfully; the way the artists intended. In addition to sounding great, they're really comfortable. The super flexible headband is lightweight and adjustable. Ultra soft ear cushions on ebony wood offer long lasting comfort.

They feature a folding design for convenient storage and portability. Detachable 4-foot fabric cord and carry case included.

Item #S9EB \$29.95

Voz Headphones

The Voz are good-sounding headphones at an affordable price. They have very good bass response for music and they are accurate when listening to talk radio.

They are better than a similar pair you might find at a big box store and comparable to a \$40.00 pair.

Adjustable headband, large ear cushions, 7-foot cord.

Item #VHP1 \$14.95

Item #VHPK ... 3 for \$34.95

Voz-P Premium Wooden Earbuds

Experience incredible audio quality and comfort with our premium earbuds. The Voz-P can handle everything from full, rich bass tones to bright, shimmering highs. Excellent for voice and music listening. The rubber eartips provide superior external noise isolation and are soft enough to be enjoyed for hours. More info at: centerpointaudio.com

Three sizes of eartips and carry case included. 5.75-foot tangle-resistant cord. Size: 0.9" L x 0.5" Dia.

Item #PWE \$19.95

Voz Earbuds

Nothing fancy here, but make no mistake, these no-frills earbuds are some of the **best we tested**. They're an inexpensive upgrade for any portable audio player. Enjoy the richness of every note and the clarity of full stereo sound. We expect these earbuds to get a lot of use, so we include four extra ear cushions with every pair. 1/8" stereo plug. 4-foot cord.

Item #BWC \$9.95

CC Gozo™

Best Audio for its Size.

The Gozo produces perhaps the best full range audio for a radio its size because of an additional passive speaker. It covers the AM and FM bands, plus it has an input jack for phones or audio devices. FM, as well as AM, is superb when listening to a strong local station.

A sturdy handle/stand and precise Vernier dial complete the picture for this radio's inspirational audio.

1/8" stereo Line In, AC Adapter included or runs on six "AA" batteries (optional).

Size: 7.3" W x 4.2" H x 3.25" D. Weight: 1.5 lbs.

Item #GOZO \$99.95

CC BUDS

Tuned for Talk Radio

Style, sound and comfort was our approach to creating these earbuds. The high quality drivers in these earbuds sound great with talk radio.

The durable construction will add to the longevity of your listening pleasure.

- 4 Foot cord with strain relief
- 10mm driver
- 20 Hz to 20 kHz frequency response
- 3.5mm jack

Item #CCBUDS \$12.95

Sue and Bob Crane on the phones.

*"You saved my marriage with this product. My bride has stayed with me 52 years and the last 10 or so years are due to these soft, high quality with excellent bass sound reproductions."
-Wade D. Medina, OH*

SoftSpeaker™ Pillow Speaker

This pillow speaker has saved a marriage or two ...

We designed the high-quality SoftSpeaker pillow speaker with privacy in mind. Plug it into the headphone jack of any audio device, put the speaker on your pillow (or under it), and enjoy perhaps the highest music and voice fidelity available. We encased the speaker in soft padded foam and put it in a teddy-bear soft cover. It's so plush you can rest your ear right on it. The SoftSpeaker offers the perfect combination of comfort, privacy and quality.

Its durable, high-flex cord and removable, washable cover help ensure longevity.

Item #PS2 ... SoftSpeaker \$19.95

High Flex Cord

SoftSpeaker-2™ Pillow Speaker

We also offer the same Softspeaker with an in-line volume control built into the cord. You can use the wheel on the cord to control the volume coming through the speaker without having to adjust the volume on your radio or audio device.

Item #SSV ... SoftSpeaker-2 \$22.95

Common Features:

- Frequency response: 20 Hz to 20,000 Hz.
- Speaker type: Neodymium-Ferrous-Boron (Rare Earth Magnet).
- One-year Warranty.

Size: 2" Dia., 6.5-foot cord with 1/8" jack. (Pat. #US D466,886 S)

*Volume Control for
SoftSpeaker-2*

FM Transmitter 2

Send broadcast quality audio from your mobile phone, or any audio device to any nearby FM radio!

The FM Transmitter-2 uses common FM radio waves to send sound from any device you choose to any nearby FM radio or stereo system. The only wire you have to connect is from the FM Transmitter-2 to a headphone jack. You can use it with your iPhone, WiFi internet radio or satellite radio. It has a thumbwheel that allows you to adjust the input for perfect audio quality and a two-level LED indicator to help set optimal signal level. It broadcasts clean, very high fidelity stereo audio. Maximum distance is about 45 feet line of sight with no obstructions*.

AC adapter included, or runs on two "AA" batteries (not included). FCC compliant. Choose any FM frequency between 88.3 MHz and 107.7 MHz. Portable, fits in the palm of your hand. Size: 3" W x 3.5" H x 1" D. Weight: 5.8 ozs.

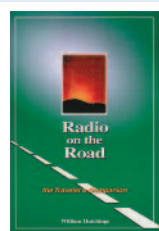

Item #FM2 \$ 49.95

*Broadcast distance will vary depending on your location. For more information see FAQs at: ccrane.com/transmitter

Radio On The Road — A Travel Essential

Still the best printed travel reference for stations though it was published several years ago. Listings for over 15,000 AM and FM stations in the US help you easily locate talk shows, sports, NPR, and much more. Eighth edition, Pub. 2006, 283 pages.

Item #ROR \$ 16.95

AM Radio Turntable

The AM Radio Turntable makes it easy to improve your radio reception just by rotating your radio. That's because the AM antenna inside your radio is directional. Size: 10" Dia.

Item #AMT \$14.95

The CCRadio-2 gift pack includes a carry case, the plush SoftSpeaker Pillow Speaker, and a handy copy of *Radio on the Road*.

Item #CC2P \$44.85

Carry Case for CCRadio 2 and 2E

Custom made in the USA. Wraps perfectly around the radio, does not interfere with controls, and has a sturdy carrying handle.

The back pouch can stow your power cord and a pillow speaker.

Item #CA3 \$29.95

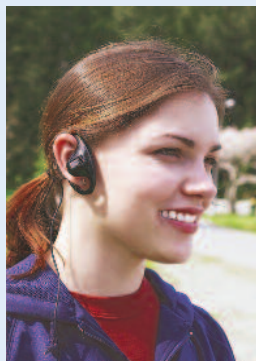

Crystal Earphones

These are some of the highest quality ear plugs available. Smaller size is preferable for those with smaller ears. We suggest you try one of each. Stereo tipped plug. 6-foot cord.

Item #SCE ... Small \$3.95

Item #LEP Large \$5.95

Item #EKI One Of Each ... \$7.95

Over The Earphone

The Over The Earphone speaker is comfortable, durable, and has good voice audio quality. We have some law enforcement and news program listeners who use it for steadfast listening where good comfort is a concern, along with still being able to hear accurately when someone talks. Stereo tipped plug. Size: 1.8" W x 2.8" H x 0.5" D. 5-foot cord.

Item #OTE \$9.95

Standard Pillow Speaker

Our standard pillow speaker has good audio quality at high volume. The cord resists breakage longer than most. 90-day warranty. 6-foot cord. Stereo tip plug. Size: 3.3" W x 3.5" H x 1" D.

Item #PSS \$7.95

Sangean PR-D9W

The Sangean PR-D9W is perfect for those looking for a small, portable AM/FM/WX radio with good AM reception and quality sound for its size.

Radio also includes: 19 sequential memory presets, dual alarm, sleep timer, stereo headphone jack, NiMH charger and lock-switch.

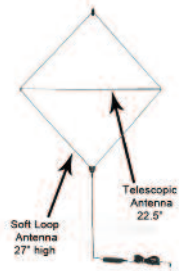

Operates on AC adapter (included) or four (optional) "AA" alkaline or NiMH batteries.

Size: 6.3" W x 4.2" H x 1.6" D. Weight: 12.6 ozs.

Item #PRD9W \$79.95

Kaito KA-33 Shortwave Active Loop Antenna

This loop antenna enhances the shortwave reception of any desktop or portable radio. Attach to a 1/8" ANT jack or clip to your radio's existing antenna. 3.9-22 MHz frequency coverage. 15-foot feed line. Requires two "AAA" batteries (not included).

Tuner Size: 1" W x 3" L x 0.5" D. Loop Size: 22.5" W x 27" H.

Item #KP2 \$54.95

•NEW• Howard Leight Sync Radio AM/ FM Hearing Protection Earmuffs

C. Crane has tested perhaps all earphone radios available and these are by far the best we've found.

These wireless digital AM/FM Radio noise-reducing earmuffs are durable, comfortable and easy to use. They have 10 memory presets and an AUX jack with auto detect for audio devices. Adjustable headband and padded earpieces. Auto shut-off after 4 hours. Includes with audio cable and two 1.5V AA batteries. Over 100 hours of battery life. Extra earmuffs are available for \$3.95 at: ccrane.com/earmuffs

Weight: .8 ozs.

Item #MUFFS \$89.95

Twin Coil Ferrite® AM Antenna

Perhaps the most powerful choice to increase a weak AM signal.

No matter what kind of radio you're using, the Twin Coil Ferrite can double your daytime reception, reduce 90% of the nighttime fade out, and help reduce static and distortion. You can connect the Twin Coil Ferrite AM Antenna to your radio to hear distant stations with amazing clarity. Designed to work with everything from portable radios without antenna connectors to home stereos with wire terminals. The basic Twin Coil Ferrite package comes with five feet of cable to connect the antenna to the radio. We also offer 25-foot and 50-foot extension cable kits (see below). This antenna is ideal for boosting AM radio reception in brick, stucco, or metal-sided homes. Runs on included AC Adapter or optional 9 Volt battery.

Tuner Size: 3.25" W x 4.3" H x 1.4" D.

Weight: 4.5 ozs.

Antenna Element Size: 8.6" W x 2.5" H x 1.5" D.

Weight: 8.5 ozs. (Pat. #US 6,529,169 B2)

For stucco, metal or brick buildings, or buildings with noise and interference, the Antenna Element can be placed in a window or outside in a covered area for best reception.

Item #TCA ... Twin Coil Ferrite AM Antenna & 5 ft of cable ... \$99.95

Item #J25 Optional 25-Foot Extension Kit \$19.95

Item #J50 Optional 50-Foot Extension Kit \$29.95

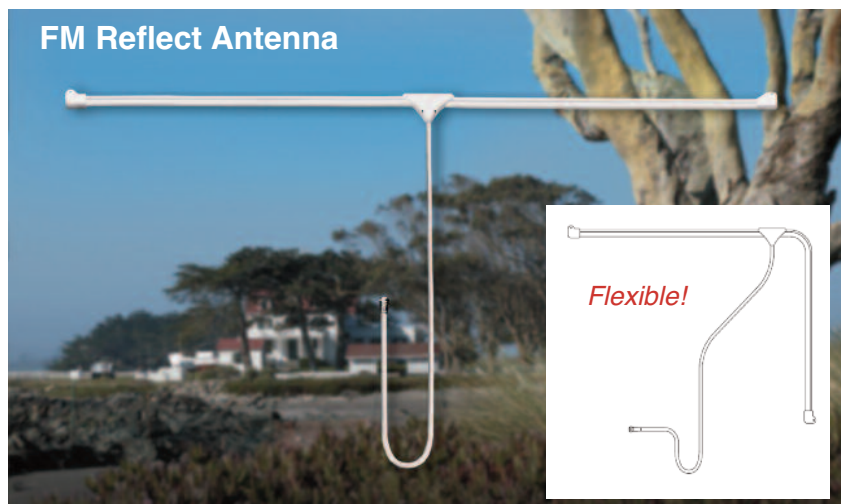

CC SW Reel Antenna

The CC SW Reel Antenna is a convenient and inexpensive way to improve the reception of any shortwave radio. 23' antenna wire. Roll up, sturdy case for portability. Size: 4" W x 2.9" H x 0.8" D.

Item #CCSWA \$19.95

FM Reflect Antenna

Our Best indoor FM Antenna

A quick and easy way to improve the FM reception of your portable radio or stereo receiver is with our affordable FM Reflect Antenna. The FM Reflect can be bent and shaped to get the best reception from the circular polarization now used by many FM stations. If you've made the leap to HD radio, the FM Reflect is also one of the few antennas that tested well with the new digital signal transmission.

Size: 54" all-copper element with an 8-foot feed line. Comes with "F" connector, balun spade connector and alligator clip.

Item #FMW \$34.95

Terk AM Antenna

When you want better AM reception, but also want an AM Antenna with some style points, this is a great choice. The Terk comes with wires so you can connect it directly to your stereo or radio. You can also use it without the wires, and improve your AM reception just by setting the antenna near your AM radio (through a process called inductive coupling). The Terk AM Antenna outperforms any of the smaller antennas included with a home stereo system. Size: 9.5" high.

Item #TR1 \$44.95

Aeonic 2 LED Lamp

The light from the Aeonic 2 LED Lamp is bright and precise and is great for crafts and watercolor.

Each color mode can be dimmed or brightened and the lamp remembers your brightness settings when switching between modes. Features a one-hour shut-off timer, USB charging port for your USB devices, articulating lamp head and effortless, one touch button operation.

The Aeonic 2 combines grace and style with functionality. AC Adapter included.

Size: 6.75" W x 18" H x 7.1" D. Weight: 2.4 lbs.

Item #2LL \$99.95

Size: 4.2" W x 9" H x 4.5" D. - Collapsed size: 6.1" H. Weight: 17.5 ozs.

Item #DLL \$44.95

The CC Spot

The CC Spot is powerful, durable, lightweight and has an adjustable stand. The user friendly Hi/Lo/Flash sequence is a C. Crane exclusive. The super-efficient LED gives 25 hours of light on high beam with a beam distance of over 500 feet from the multi-faceted reflector. On low beam you'll get 175 hours of light. Rubberized, high impact ABS plastic allow no worries of damage from being dropped.

Wrist lanyard and shoulder strap included. Runs on three "C" Alkaline batteries (not included). O-ring sealed and water resistant IPX4. 155 lumens. 3-year limited warranty by C. Crane. Size: 5.9" W x 5.6" H x 3" D. Weight: 10.2 ozs.

Item #SPOT \$39.95

CC Lantern

Wind-Up LED Lantern

Just pull the lantern out of its self-storing body and choose between 9 and 15 bright white LEDs to light your way. This excellent compact lantern makes it perfect for camping, hunting, or keeping in a calamity kit for natural disasters. Includes a siren too.

All adapters and cables are included for charging the lantern using a USB port or 12 Volt adapter. Also, you can charge your mobile phone using the lantern's USB port or the 12V socket USB adapter in your car. Charges most phone models, including Android™ and BlackBerry™, but not iPhone™.

***Super Efficient LED =
More Light, Fewer Batteries***

CC Trek 4-LED Flashlight

The durable CC Trek Light is probably the first white LED flashlight. It gives over 40 hours of bright light followed by over 100 hours of useful light. 38 lumens.

Lanyard and three "AA" alkaline batteries (included).

Size: 7.4" L x 1.3" Dia. **Made in USA.**

U.S. Patent # 6,168,288.

Item #CCB4 ... Black \$29.95

Item #CCY4 ... Yellow ... \$29.95

Unity Plus LED Flashlight

The Unity Plus is the perfect size, weight and power. It has an adjustable beam for up to 100 yards on a single 3-Watt LED bulb. On a set of (2) "C" batteries you will get about 4 hours of continuous use on the high setting, and about 22 hours on the low setting. Also has C. Crane's ON/ OFF/ STROBE. Batteries not included.

Size: 9" L x 1.1" Dia.

Item #UPLF \$ 29.95

Power Vivid® Pocket Flashlight

The Power Vivid delivers an intense white beam of light from a single bright LED, using a single (AA) battery (not included).

Features include a durable aluminum housing, detachable keychain lanyard, it's waterproof and has a push button on/off switch.

Size: 3.7" L x 0.8" Dia.

Item #PVF \$5.95

White LED Magna-Lite Reader

Batteries last four times longer and you get about **twice the light!** LEDs make the Magna-Lite Reader the ideal tool for detail. Runs about 24 hours on four "AA" batteries (included). The LED bulb is guaranteed for life. Made in USA. Main Lens is 2X power with a 4X insert.

Lens: 3.8" Dia. Handle 1.5" W x 9" L.

Item #MLR \$ 39.95

BATTERIES & CHARGERS

Nickel Metal Hydride (NiMH) Rechargeable Batteries

NiMH batteries are greener, and have more power than older NiCad batteries.

And they can be recharged or topped off anytime.

All rechargeable batteries self discharge about 10% of their energy a month. They can be recharged about 500 times and last for years. Colors may vary.

Item #NHA ... "AA" size (2500mAh) **\$2.95 each**

Item #N3A ... "AAA" size (1000mAh) ... **\$2.95 each**

Item #NC ... "C" size (5000mAh) **\$9.95 each**

Item #ND ... "D" size (10000mAh) **\$14.95 each**

NOTE: It is best to charge and discharge all makes and models of NiMH batteries several times a year to obtain maximum performance.

Solar Battery Charger

Let the sun charge your batteries. This solar charger recharges two NiMH (Nickel Metal Hydride) or NiCad (Nickel-Cadmium) batteries of the same type and size ("D", "C", "AA", "AAA" and Prismatic).

It puts out about 150mah and about 5 volts. Many other solar battery chargers we tested were unsuitable because their voltage was too low.

Size: 6.8" W x 4.5" H x 2.3" D.

Item #SBC \$ 24.95

Bulk Alkaline Batteries

We carry Alkaline Industrial Energizer® batteries in popular sizes.

Please call or see our website: ccrane.com/batteries

CC Quick Charger-2

The CC Quick Charger-2 can charge any combination of up to four “AA”, “AAA”, “C”, or “D” or two 9-volt NiMH batteries at one time. The charger is simple to use and you save money. You can recharge NiMH batteries about 500 times and they last for years.

How it Works:

The charger monitors the status of each battery and adjusts the charging rate individually. It automatically shuts off at the right time so there’s no need to worry about overcharging.

A USB charging port is included for all of your USB devices, using your USB patch cord.

In case of power failure, an optional 12V DC car adapter is also available. It can power the Quick Charger in your vehicle or RV.

100-240V AC Adapter is included. Batteries not included.
Size: 6.8" W x 2.7" H x 5.3" D. Weight: 13.8 ozs.

- Item #QC2 \$29.95
- Item #QCCA ... 12V DC Car Adapter ... \$7.95

CC Quick Charger-2 + Accessory Kit

Save \$9.75 when you buy the CC Quick Charger-2, the 12V DC Car Adapter and four “AA” Nickel Metal Hydride Batteries together.

- Item #QCKT \$39.95

CUSTOMER SERVICE and WARRANTIES

We want to build a positive, trustful relationship with you so please call us if we can help you with any products you have received or that may have a flaw. All of our products come with their full manufacturer's warranty; usually one year parts and labor unless otherwise noted. If an item proves to be unsatisfactory within 60 days of receipt you may return it to us (in its original product packaging) for a full refund or credit towards other products. Please call for a return authorization before returning an item for refund or exchange, and carefully pack and insure any item you send. **Returned products and accessories should be in "as new" condition for a full refund. A reasonable deduction will be made for any damaged or missing items.**

Keep your catalog. The only way to get on our mail list for future catalogs is for you to ask. You can call us at 800-522-8863 or update your address online at: ccrane.com/address-update.

PRIVACY POLICY

We do not release any information about you. Our next catalog, #25, will mail in early October 2014. If you or a friend would like to receive a new catalog, please let us know. Thank you for your support.

BARGAINS ON RETURNED ITEMS

Because we offer our satisfaction guarantee, we sometimes have merchandise available at about 10% off our prices. The only flaw is usually wrinkled packing material. Each item is **carefully checked out and thoroughly cleaned. Full factory warranty is still in effect.** Our 60-day satisfaction policy still applies! Give us a call to find out what is available or check out our website for these "orphaned" items at: ccrane.com. We invite you to sign up for our free weekly email notification of available returned items, new products, and special sale offers at: ccrane.com/subscribe

Unless we have an unusual circumstance or error, our prices and shipping costs are good through April 2014. Since it is sometimes hard to guarantee prices for a full year, there may be some changes after that.

SPECIAL SERVICES

We love letters and emails about our products and services. Most of the letters are in praise and we distribute them around the departments to show everyone that we are doing a good job. We take care of each customer to the best of our ability and strive for excellence. I want to hear your story about experiences with C. Crane, good or bad, that you care to write about. Your input becomes our plan for change so we can improve our services and continue to build your trust.

Thank you!
Robert C. Crane

AUDIO TAPES FOR THE VISION IMPAIRED

We have a large number of blind or near-blind customers. Since you're reading this catalog, you're probably not blind, but you may know someone who is.

The C. Crane Audio Catalog — FREE (on CD).

Instruction tapes are \$5.00 each or FREE with the purchase of the item, or can be downloaded FREE through "Product Support" on our website: ccrane.com

Shortwave Radio Instruction Tapes: CCRadio-SW, Sangean 909X, CC SW Pocket.

Other Instruction Tapes: CCRadio, CCRadioplus, CCRadio-2, VersaCorder, Twin Coil Ferrite AM Antenna by C. Crane, CC Witness, CC Witness Plus, Senta ALLY, CCRadio-EP, CC Solar Observer and CC Gozo.

Check for additional tapes at: ccrane.com/audio-tapes

REPAIR SERVICE

We are only able to repair products that are manufactured by C. Crane: Expect 3-8 weeks for repairs. Call to set up a repair order before sending us an item.

Most repairs are \$59.95. Charges may vary. A check or credit card number **must** accompany the insured product for repair. Please include contact information, should we need to contact you regarding the repair. **Please remove all batteries and the power cord and keep them**

before sending repairs. Our repairs are warranted for one year. For repair service, call us at 800-522-8863.

For all other products, please call the manufacturer for repair information.

GIFT CERTIFICATES

C. Crane's gift certificates are the perfect solution for any special occasion. They make it easy to please just about anyone on your shopping list.

They're available in any amount and **never expire**. Be sure to include your address and the name and address of the recipient. Any refund will be issued in the form of an additional gift certificate. Call us at 800-522-8863 or visit: ccrane.com/gifts

Our Mission

Our mission is to develop and offer items that enrich your life. As we have done for 30 years, we promise to:

- Help you make a wise purchase.
- Extend customer service beyond the sale and always make sure that we take care of you to the best of our ability.

*Your contribution to our company is what we revolve around.
We welcome a note about our customer service, product ideas, and products you'd like to see.*
